## Introduction

To conduct its business, services and duties, Yarnfield and Cold Meece Parish Council processes a wide range of data, relating to its own operations and some which it handles on behalf of partners. In broad terms, this data can be classified as:

- Confidential information and data not yet in the public arena such as ideas or policies that are being worked up.

- Personal data concerning its current, past and potential employees, Councillors, and volunteers.

The Parish Council will adopt procedures and manage responsibly, all data which it handles and will respect the confidentiality of both its own data and that belonging to partner organisations it works with and members of the public. In some cases, it will have contractual obligations towards confidential data, but in addition will have specific legal responsibilities for personal and sensitive information under data protection legislation.

The Parish Council will periodically review and revise this policy in the light of experience, comments from data subjects and guidance from the Information Commissioners Office.

The Parish Council will be as transparent as possible about its operations and will work closely with public, community and voluntary organisations. Therefore, in the case of all information which is not personal or confidential, it will be prepared to make it available to partners and parishioners. Details of the information that is routinely available is contained in the Council's Publication Scheme which is published on the council website.
